Shape your future in computing sciences **with iaamcs.**

i am the future.

The Institute for African American Mentoring in Computing Sciences (iAAMCS, pronounced "i am cs") serves as a national resource for African American students and faculty. iaamcs's objective is to:

- Increase the number of African Americans receiving Doctoral degrees in computing sciences.

- Promote and engage students in teaching and training opportunities.

- Add more diverse researchers into the advanced technology workforce.

ACTIVITIES & RESOURCES

- Faculty & Student Training
- K-12 Outreach
- Academic Year Undergraduate Research (AYUR)
- Distributed Research Experience for Undergraduates (DREU)
- Distinguished Fellows Writing Workshop (DFWW)
- Annual Computing Competitions
- Technical Webinars & Distinguish Lecture Series (DLS)
- Tapia Celebration of Diversity in Computing
